McGill's endeavour to supply a step-free entrance vehicle where possible but cannot guarantee access for wheelchairs where there is an obvious deficiency in the bus stop infrastructure. We will do everything within our control to allow inclusive travel but must make our passengers aware that local authorities are responsible for raised kerbs and wheelchair-compliant bus stops.

McGill's endeavour to supply a step-free entrance vehicle where possible but cannot guarantee access for wheelchairs where there is an obvious deficiency in the bus stop infrastructure. We will do everything within our control to allow inclusive travel but must make our passengers aware that local authorities are responsible for raised kerbs and wheelchair-compliant bus stops.
